

Tributo Single Vineyard Carmenère 2014

CALITERRA
QUALITY OF OUR LAND

Winemaker Notes

Deep purplish-reddish in color, the 2014 Tributo Carmenere shows tremendous intensity on the nose. It opens with aromas of black fruits accompanied by a light touch of spice such as black pepper and cloves over a subtle backdrop of roasted red pepper and tarragon. The palate features very soft, silky tannins, along with vibrant acidity and tremendous volume, all of which predicts a good aging potential.

Vineyards

The Colchagua Valley is home to our Caliterra Estate, located 200 km (125 miles) south of Santiago and 60 km (37 miles) from the coast at 150 meters above sea level (500 feet a.s.l.). Caliterra Estate has approximately 1,085 ha (2,681 acres) with approximately 75% of untouched land and Mediterranean climate, where cool nights and gentle breezes temper the sun's energy creating perfectly ripe, intense, concentrated and balanced wines.

Winemaking

Fermentation was initiated at 28° C, but the temperature was decreased afterwards in order to avoid excessive extraction of the elements in the skins. The wine was stored in oak barrels, 84% American and 16% French for 12 months during which time malolactic fermentation was carried out.

Vintage

The 2014 vintage at Caliterra was shaped by a warm summer, with large diurnal temperature differences. The late summer was especially mild allowing for the gradual ripening of grapes, this allowed the winemakers to craft wines with very good colour and fresh acidity.

Grapes

Carmenere 93.0%

Malbec 5.0%

Petit Verdot 2.0%

Region

Colchagua Valley

ABV

13.5%

pH

3.70
